

Let's talk.....

Wedding planning can be very stressful and there is so much to think about, remember, and plan. That is why the ladies at MOSS Salon and Spa have compiled a list of all the little things we forget about until the last minute when we are pressed for time. We hope this helps make your planning process a bit easier.

BOOK YOUR TRIAL:

3-4 months

Trials are a great way to meet your stylist and plan your look before the BIG DAY. It's no surprise that trials are becoming a bride's favorite "must have" service making last-minute bookings very hard to accommodate, which may result in no or limited availability. We emphasize the importance of planning ahead to allow your stylist time to adjust their schedule to meet yours if necessary, as well as to ensure your trial and wedding are completed by the same stylist. We recommend planning at least 3-4 months prior to the wedding to reserve a trial date, but it's never too early to plan ahead.

Trials are highly recommended, but not necessary. If you can't make it happen, don't stress it. We can set aside a little extra one-on-one time on your special day to ensure everything goes as planned!

SKIN CARE:

2-3 months

Facials: Makeup is always a plus, but bumpy skin from breakouts due to stress can be a bummer and put a damper on things. With the stress of planning a wedding, self-care should not be forgotten. Getting on a good skin care regimen will help prevent unexpected breakouts and achieve flawless-looking skin. Our team will book you with the appropriate number of skincare sessions tailored to your skin care needs to help balance and prevent breakouts so you don't have any unpleasant surprises before your special day.

Micro-Blading and Powder Brows- Want the perfect brow? To ensure proper healing and touch-ups please book 2-3 months before your special day.

HAIRCUT/COLOR:

2-3 months

To ensure that your hair looks wonderful and fresh on your wedding day, have any final coloring touch-ups and haircuts completed at least one to two weeks ahead of your wedding day. To ensure proper timing, it is necessary to schedule appointments in advance. In order to develop any newly inspired hues, we advise scheduling an appointment at least one month in advance. If you have previously box colored your hair or are seeking for a complete hair transformation, please let us know as soon as possible so that we can make sure your hair goals are achieved without compromising your hair. In some circumstances, numerous sessions may be required.

TRIAL DAY:

Preparation

Hair: If you intend to use any hair extension or accessories for your wedding, kindly remember to bring them. It's a great idea to include pictures of your outfit and some inspiring hairstyles. Please wash your hair at least one day before your trial date. For service, hair must be entirely dry and free of any product.

Makeup: Kindly arrive with a fresh face! We really want to be able to spend as much time as possible applying your makeup rather than removing it as taking off your makeup takes away from the time we have to create your look. The day before your trial, please make sure to remove all mascara and mascara remnants. Mascara-free faces are essential. For the trial and wedding day, only professionally applied lash extensions will be allowed!

THE DAY BEFORE:

Preparation

Take a deep breath, relax and be excited.....

HAIR: Don't wash your hair if you have an updo scheduled! Since using the hair's natural oils makes for a cleaner bridal do, a shampoo is not included with the service. If you believe it is necessary to wash your hair, please make sure it is totally dry because we do not allot any time for blow-drying. Please dress in a zip-up sweater or non-over-the-head clothing. If any member of the bridal party is late, it may affect the quality of the finished look. Keep in mind that we allot roughly 30 minutes per person for each service.

MAKEUP: Make sure your skin is clean and gently exfoliate your lips and face. Make sure any makeup has been removed off your face. We emphasize how crucial it is to make sure that all eye makeup has been removed and that there are no traces of mascara from the previous evening. A flawless application will be facilitated by a clean moisturized face and lips.

ADDITIONAL SERVICES:

TEETH WHITENING- Your smile will appear in all future photos of you. It's time to put coffee, tea, and wine stains behind you and grin brightly at everyone you meet. This additional mobile service is provided by MOSS to make sure you always look your best. There is no better way to pass the time as you wait for hair and beauty services. Please make a reservation in advance because we can only do one wedding each day due to equipment restrictions.
